

TechNova Solutions – Enterprise Policy

Remote Work Policy

Fictional sample enterprise document created for the Enterprise Knowledge Ops Agent RAG demonstration.

1. Purpose

This policy establishes requirements for employees who work remotely or under a hybrid work arrangement.

2. Standard Hybrid Arrangement

Eligible employees may work remotely up to 3 days per week, subject to manager approval and business requirements.

3. Eligibility

Employees may request a hybrid arrangement after completing 3 months of service. New employees may be required to work primarily from the office during onboarding.

4. Confidential Information

Employees handling confidential or restricted information remotely must use company-approved devices, secure network connections, and approved collaboration tools.

5. Approval

A recurring remote-work arrangement requires manager approval. Arrangements involving access to restricted systems additionally require approval from the relevant system owner.

6. Exceptions

Business-critical activities, customer requirements, or security restrictions may require an employee to work from the office regardless of the normal hybrid arrangement.
